FOR IMMEDIATE RELEASE

TWO WOMEN INDICTED IN METH CONSPIRACY

KANSAS CITY, Mo. – Todd P. Graves, United States Attorney for the Western District of Missouri, announced that two Mexican nationals were indicted by a federal grand jury today for conspiring to distribute methamphetamine.

Celia D. Delosreyes, 20, and **Isela Sepulveda**, 19, both of Mexico, were charged in a two-count indictment returned by a federal grand jury in Kansas City.

Count One of the federal indictment alleges that **Delosreyes** and **Sepulveda** conspired to distributed 500 grams or more of methamphetamine between July 11, 2004, and July 23, 2004. In a notice of special findings for Count One, it is alleged that the co-defendants distributed or possessed with intent to distribute at least five kilograms but not more than 15 kilograms of methamphetamine.

Count Two of the federal indictment alleges that **Delosreyes** and **Sepulveda** possessed with intent to distribute 500 grams or more of methamphetamine on July 23, 2004. In a notice of special findings for Count Two, it is alleged that the co-defendants possessed with intent to distribute at least 1.5 grams but not more than five grams of methamphetamine.

This case is being prosecuted by Assistant U.S. Attorney Catherine A. Connelly. The case was investigated by the Kansas City, Mo., Police Department and the Drug Enforcement Administration.

Graves cautioned that the charges contained in the indictment are simply accusations, and not evidence of guilt. Evidence supporting the charges must be presented to a federal trial jury, whose duty is to determine guilt or innocence.
